Satellite Survey of the Scriptures

"THE STORY OF THE BIBLE – JESUS"

During the past three years, we have followed a "Satellite Survey of the Scriptures." The goal was to offer an overview of each of the 66 books and to show how each one fits into the Story of the Bible from Genesis to Revelation.

Today we will review the entire series (see insert), followed by a suggested approach to study of the Bible that might encourage people who feel overwhelmed by the thought of trying to understand Genesis to Revelation all at one time.

1. Beginning at the Beginning
Genesis 1–11
2. Understanding the place of Nation Israel
Genesis 12
3. The primary focus of Genesis 12 through Malachi
Israel
4. Moving from Genesis 12 to Matthew
Focus on Jesus
5. Learning to Know Jesus
The Four Gospels
6. Understanding the place of the Church
Book of Acts

7. The primary focus on Romans through Jude
The Church
8. The Conclusion to the Story
Revelation 19-22
