*Hebrews - Maturing in Godly Living*

**"WANT TO KNOW GOD? KNOW JESUS!"**

*Hebrews 1:1-4*

Followers of Jesus face the daily challenge of distractions that can take our focus off Jesus if we allow them to do so. This was true in the first century church and is perhaps even more of a problem today – especially in America, where distractions are beyond number.

When Hebrews was written – maybe late 60's – it was no secret that the church was growing. Earlier attempts by the non-believing Jews proved unable to stop the impact of the commitment of followers of Jesus as they valued their faith in Him above their very lives.

But some of the believers hung on to their legalistic background. They needed to be reminded that Jesus fulfilled the law, that He is the living reality of what was pictured in symbols of the Old Testament, and that knowing Him is knowing Creator God because Jesus is God.
