Hebrews - Maturing in Godly Living

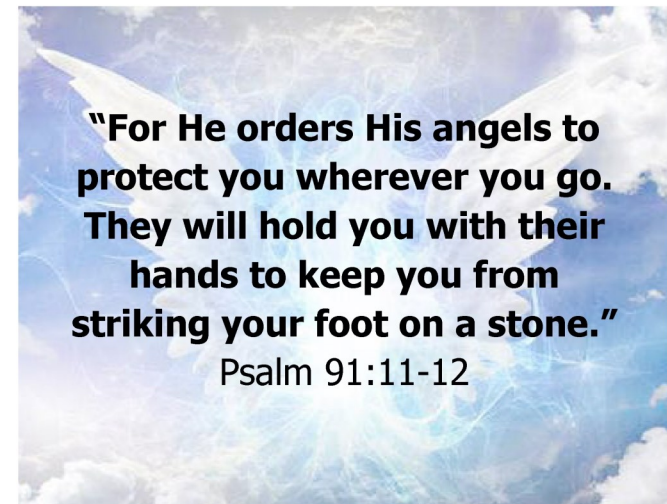

"JESUS - SUPERIOR TO ANGELS"

Hebrews 1:5-14

Following the opening paragraph of Hebrews 1, which declares with confidence and authority that Jesus is God, the writer eliminates any possibility of the world of angels being superior to Him. Since Jesus is Creator God, He obviously created the angels.

1. The importance of understanding the relationship of Jesus to angels.
2. What does the Bible say about angels and what do they do?
3. The reality of "fallen angels" and how they influence the world.
4. The place of God's angels in the new heaven and earth.
5. The future of Satan and his demonic realm.

6. How should followers of Jesus think about Satan and demons — should we fear them?
7. What is the current activity of God's angels?
8. The significance of this discussion to our journey through Hebrews that focuses on maturing in Godly living.
