

MESSAGE NOTES

APRIL 1, 2018

9:30 & 11:00 am

Imagine Resurrection Morning if it happened today! Within minutes of the event, news media would take the story global. But when Jesus came out of the tomb, only a few people were aware and they either failed to believe or told the story to people who did not believe them.

Gradually, the news spread. Luke 24 records the journey of two people walking to a village seven miles from Jerusalem. They were discussing what they had been told about Jesus' resurrection. And as they walked and talked, Jesus joined them, but they did not recognize Him.

1. They had information about Jesus but not involvement with Him. vs. 13-18

2. They had facts about the resurrection but not faith in Jesus. vs. 19-24

3. They had recognition of Jesus but not a relationship with Him. vs. 25-35

4. They needed Jesus to open their minds to the Truth. vs. 36-49

As wonderful as the Easter Celebration is, what is most important is to know the Savior Whose life we are honoring. No matter how close we might feel to Him today, it is having Him in our life that makes the difference in where we will spend our forever.

Romans 10:9-10 tells us to believe in our heart that Jesus is God and declare this truth with our words – making it a personal trust. Today is the day to believe Him.
