Colossians: Christ in Us, Our Hope and Glory

The New "We"

All who have trusted in Jesus are a new creation; the old has been discarded with its penalty and we have been made alive in Christ. Using these new creations, Christ instituted His church. The modern church looks very different than when it first began, but at its core it is very much the same. We rejoice in many of the same successes and deal with many of the same pressures. We can credit staying focused on Jesus for the church staying faithful to its purpose.

Why Paul wrote to the church at Colossae
