

# FAMILY *Sunday*

This edition of our Wood Village Vision newsletter has turned out to be a family edition. This wasn't intentional but we are very intentional about making everyone who worships with us feel loved.

This is why we created Family Sundays. Family Sundays are intended to be a gathering of everyone in our church to worship as a family together. So, on every 5th Sunday, (whenever it occurs), we close down our nursery and children's church and worship with our whole family, young and old.

Thank you for making our church and our services a welcome place for everyone, including babies, kids, youth, young and old adults, moms and dads, and grandpas and grandmas.

~ Pastor Tom

## KIDS ARE A BLESSING!

Kids are an amazing blessing for our church. Scripture states that they are a very precious gift that we all have been given the privilege to care for and nurture. And they are a joy!

**CHURCH FAMILY HIKE** - A group of 15 enjoyed breakfast and then headed to the Columbia Gorge to hike to Angel's Rest. Amazing views and wonderful fellowship were the highlights!

# CHILD DEDICATIONS

Child dedications are a tradition at WVBC. The purpose of this tradition is an important one. We present the children and families before our congregation to make a promise and commitment to care for them, pray for them, and to provide them with the resources they need for their material and spiritual well-being. They are a part of our family and they are our responsibility.

On Mothers Day,  
Martyn Bejan and  
James Bossen were  
dedicated by their  
families.
